

Names - _____ Due Date - Wed-4-23 Hour - _____

Conduct research on an American invention of the 1800's using books and the Internet.

Name of Invention _____

Please find out:

- Who invented it?
- When was it invented?
- Where was it invented?
- What did it do?
- What impact did this invention have on America's History?
Did it affect one region more than another? How?
- How did it change the way people worked? Lived?
- How did it affect supply? Demand? Price?
- Remember to document your sources: Write a Bibliography as you search. (place bibliography on back of poster)
- Design a poster which advertises your invention.
- It must contain all of the information and it must catch the viewers attention with color & pictures.

Each group will present their poster. Your presentation should be one minute in length. Sell your invention!

Rubric

Notes are complete and accurate	_____/10
Bibliography is complete and accurate	_____/5
Poster contains all the information	_____/5
Poster is attractive and includes pictures	_____/5
Presentation (informative, knew your info, interesting)	_____/5
TOTAL	_____/30
