## **Ancient China Inventions**

### **DIRECTIONS**

1. You will be assigned an Ancient Chinese invention.
2. Use the research matrix to research facts and information about your assigned invention. (Research Matrix)
3. During your research, keep track of the resources you are using. You will create a bibliography that includes at least three resources.
4. After completing your research, you will create an informational POSTER using the program Canva. (<http://www.canva.com>)
5. Posters should have the following information displayed:
  - Name of the Invention
  - Circa date it was created
  - Dynasty and/or Emperor when it was created
  - Why was it created and how does it work?
  - How is the modern day product like the ancient one?  
*(How did it change, has the purpose remained the same, how has it been modified, ....)*
  - Provide graphics that help explain the invention  
*(Example - ancient version, modern version, in use, etc.)*

**RUBRIC** - Check your final product and make corrections if needed. (Rubric)

**BIBLIOGRAPHY** - Create your bibliography on a separate Word Document.  
(Refer to Ms. Messing's presentation.)  
You will need to have Bibliography on the title and your name.

**PRESENTATION** - You will present or share information about your invention with the class. Presentations should last between 2 and 3 minutes.
