PATRIOT VS LOYALIST

Read the biographies of the colonist (provided by your teacher) during the American Revolution. Some of the biographies are of real individuals and others are fictional but their situations are similar to those of actual colonists. After reading each biography, identify the person as a Patriot, a Loyalist or a Neutral. Explain why you made your decision. Provide text evidence to support your decision.

RECRUIT A SPY FOR THE BRITISH ARMY

Directions: During the American Revolution both the American Continental Army and the British Army had spies to keep track of their enemy. You have been hired by the British to recruit a spy in the colonies. You must choose your spy from one of colonists above. When making your decision use the following criteria

1. The spy cannot be someone who the Patriots mistrust. The spy should be a person who appears to agree with the Patriots.
2. The spy should live in a populated area where the Patriots are active and can report on Patriot activity. A colonist in a rural area will have little information to provide.
3. The spy should need something from the British, either money or military protection, to entice him or her to risk his or her life.

Identify who your spy is and why you chose them. Again, provide reasoning for your selection!
